

# neos

REPEL THE UNWELCOME

Nano Enhancement of Surfaces (NEOS), is a new high-performance stain and substance repellent technology developed for Enigma Surfaces.

Invisible to the naked eye, NEOS has been scientifically formulated to produce a hybrid protectant with physical characteristics that resists staining, keeps surfaces clean and guards against everyday wear and tear. With the application of NEOS, Enigma Surfaces are safely protected most common household chemicals.

This is due to the chemical stability of NEOS which resists ranges between pH1 and pH13, making it the only protectant resistant to a broad range of chemicals.

NEOS has been innovated to form a permanent bond with the components Enigma Surfaces; its technology requires minimal maintenance and requires no future application because NEOS lasts forever. This makes Enigma Surfaces the most durable product in the industry.

This protective treatment, with 0,01% of water absorption, resists staining, and crucially, repels a broad range of chemicals, from pH1 to pH13, becoming in the most durable product in the sector, secured from acid corrosion. **Enigma Surfaces is the only brand offering customers a Lifetime Stain Warranty.**

Enigma Surfaces is made of superb gibbsite,  $Al(OH)_3$ , and silicon oxide,  $SiO_2$ , carefully selected to develop a crystalline and consistent structure. Leading the creativity in the stone industry, we are highly committed to research, innovation and development boosted by our innate passion and enthusiasm to launch new colors and patterns to amaze the world of decoration.

Enigma Surfaces is actively pursuing sustainability initiatives and proceedings in every step of the manufacturing procedure in order to conserve the planet resources for next generations and to support the communities whom we work with.

The magistral formula of Enigma Surfaces shows a malleability, strength, translucency and design multidimensionality never seen before. The adoption of the  $Al(OH)_3$  represents the upcoming era of engineered surfaces.

Anti Stain  
**LIFETIME WARRANTY**

Enigma Surfaces is protected by NEOS, Nano Enhancement of Surfaces, an extraordinary innovative high-performance stain and substance repellent technology. Available for all colors, polished and silk.

Stain Resistant

Chemical Resistant

Abrasion Resistant

Durable

Food Safe

Easy Maintenance

Lifetime Guarantee
